

Adrienne McCray  
Member At-large

Adrienne McCray is a Principal and licensed Landscape Architect with leeandassociatesinc (LAI). Her 17 plus years of experience in leadership and project management of multidisciplinary design teams on major projects local and abroad has resulted in many professional awards. She has a successful track record of shepherding complex projects through the local and federal government approval processes. Her commitment to the community planning process and engagement has resulted in the creation of context sensitive designs embedded in environmentally sustainable and performing landscapes.
